

# Balance Bills: Know The Facts

## 6 Degrees Health's RBP Solution Resolves Balance Bills

A balance bill occurs when a provider believes that additional funds are owed in addition to the reimbursement already provided by the insurance plan. This is not a common occurrence, but 6 Degrees Health is here to resolve the issue should it arise.

As the member's advocate, we work directly with the provider to resolve and settle billing issues. Using our expertise and reference-based pricing solution, we will negotiate and resolve balance bills on behalf of the members and health plans, with a median settlement of 65 days.

### Balance Bill Claim Amount
